Prakhar Singh Dhaila

EDUCATION

University of New Brunswick

Master of Computer Science by Coursework

Maharaja Surajmal Institute of Technology

Bachelor of Technology in Computer Science and Engineering

Fredericton, NB

September 2023 – May 2025

New Delhi, India

August 2015 - May 2019

EXPERIENCE

Developer, Summer 2024 Co-op (8 Months)

May 2024 – December 2024

Royal Bank of Canada (RBC)

Toronto, ON

- Worked in Global Mobility Provisioning Services team to create Automation scripts using Python, Selenium.
- Developed automation for backing up multiple databases, once every week.
- Developed a scalable and reliable web application (Ops Dashboard) from scratch to help the analyst team in their daily tasks, helping them save an hour of effort per week.
- Added voicemail password reset automation in the Ops Dashboard, that helped save about 1.5 hours per week of manual effort.
- Converted a legacy project written in VBA into python code, to compile and manipulate data from multiple excel files into a single dashboard excel file. This dashboard was then rendered in the Ops Dashboard. This helped save 3+ hours per week of manual efforts, and got me recognized as one of the Employees of the Month (EUS) for August 2024.
- Currently migrating team's entire codebase stored in remote windows server, to cloud platform (OCP4) using internal infrastructure management tool "Helios".

Software Development Engineer

September 2021 – July 2023

Freecharge Payment Technologies Private Limited

Gurugram, India

- Led a team of 3 Developers while facilitating a cross-domain collaboration to build the flagship product 'Easy Personal Loan' as a comprehensive lending platform for web and mobile (inside a webview).
- Developed the 'Education Fees Via Credit Card' product as a solo Developer, generating INR 20 million daily revenue.
- Developed an Investment platform 'Mutual Funds' in a team of 4 Developers. As part of this product's functionality, developed a modular Audio/Video recording custom hook using core JavaScript APIs.
- Worked on development, enhancements and revamp of products like 'Personal Loan +', 'Checkout EMI', and 'PayLater', 'Rent via Credit Card', 'User Account Interface'.
- Provided mentorship to junior developers and actively participated in code reviews.

Software Engineer

July 2019 – September 2021

Compro Technologies

New Delhi, India

- Developed a mobile-first, multi-tenant web application focused on providing e-learning and authoring experiences for students/ teachers.
- Developed re-usable theme-driven components with support of internationalization using latest React practices like functional components, hooks and Redux.
- Managed the entire development lifecycle, including the design of low-level architecture, implementation of modular code, and deployment using Bitbucket pipelines.
- Developed an SDK for authentication leveraging our underlying backend service.
- Integrated Terraform to automate setting up of the project's AWS cloud infrastructure.
- Transitioned the web application into a Micro-Frontend architecture using the Webpack 5 Module Federation.

Visa Slots Automation | Python, Selenium, Twilio

2024

Automation script that runs every hour, logs in using personal credentials to check whether there is a any Visa slot vacant prior to certain threshold date. If present, a phone call is made to personal mobile number.

QA Bot | NextJs, Ant Design, Puppeteer, ResembleJs, Hasura, GraphQL

2022

Test automation tool created during a hackathon as a member of 3 developer team. The tool enabled individuals without coding experience to generate automation test cases, capture UI screenshots and API request/response snapshots. Built with NextJs, Ant Design, Puppeteer, ResembleJs, Hasura, and GraphQL.

Short URL Generator | React, ExpressJs, NodeJs, MongoDb, Typescript, Webpack, HerokuApp

2021

Short URL generator developed on MERN stack, Typescript and Webpack with URL expiration, hit logging, and custom short URL options

Stoic Notes | React, ExpressJs, NodeJs, MongoDb, Typescript, Webpack, HerokuApp

2020

An easy to use web application with an elegant UI that allows users to create personal notes for their stoic growth - built using MERN stack, Typescript and Webpack.

Go Corona Go | React, Typescript, Webpack

2020

Created a React app for real-time COVID-19 updates in India, including State and District-level data on active, recovered, and death cases.

SKILLS

Programming Languages: Javascript, Typescript, Python, HTML, CSS, SCSS, Java, SQL, C, C++
Frameworks / Others Technologies: Next.js, React, Node.js, Express.js, Material-UI, Redux, Redux Form,
MongoDB/MongooseJs, Git, Pandas, MariaDB, Angular, Figma, Jenkins, Bitbucket, JIRA, Scrum, AJAX, CI/CD,
Agile, REST, AWS, Webpack, Web Sockets, Server-Side Events, Twilio, Terraform, Hasura, GraphQL, VS Code,
Cryptography, NLP

Soft Skills: Ownership, Problem Solving, Critical Thinking, Team player, Ethical Integrity, Planning, Adaptability, Agility, Accountability, Requirements Analysis, Time Management, Leadership, Communication, Attention to detail, Creativity, Empathy, Technical Translation

CERTIFICATIONS

M001: MongoDb Basics (MongoDb), M103: Basic Cluster Administration (MongoDb), JavaScript Algorithms and Data Structures (FreeCodeCamp), The Complete JavaScript Course For Web Development Beginners (Udemy), Responsive Web Design (FreeCodeCamp), Data Structures in Java (Coding Ninjas), Frontend Developer (React) Certificate (HackerRank)

ACHIEVEMENTS

EUS Employee of the month (August, 2024): Was recognized as one of the Employees of the month under the EUS (End User Services) team. I was also the only Co-op to get this recognition.

1st runner up at Freecharge Hackathon 2022: Was part of a 3 developer team (<TeamTerrabyte>) that came 2nd among 34 participating teams for creating 'QA Bot'. Won a prize money of INR 100,000 (approx. CA\$ 1,600)

Cocubes Examination (99 Percentile): Acheived 99 percentile score in an All India Aptitude Examination

AMCAT Examination (810 / 900): Acheived a score of 810 out of 900 in an India-wide Aptitude Examination with a percentile of 99.7 in Quantitative Ability (Advanced)

Hobbies

Singing, Reading, Chess, Badminton, PC Gaming, Cooking
